\$27k/month While in the US Army

Can you imagine starting and scaling an eCom business while serving in the USA Army? Even though Danilo has always had entrepreneurial tendencies throughout his life, it wasn't until he moved to Orlando, Florida when he started getting into Amazon FBA.

Engineer Sells \$10,000/Month on Amazon FBA

Bona is an engineer who wanted to take advantage of the Ecommerce wave. After having a terrible first experience paying 19k for failed retail arbitrage course he wasn't sure what to do. Bona didn't give up on finding a new mentor and is now crushing it with EcomHub.

Kody Selling \$10,000/month & Sales are Picking Up

Kody recommends new sellers - just get started and follow the program, instead of getting caught in the paralysis by the analysis spiral that he got caught in. What's interesting is that when Kody joined, he really had nothing to lose.

Ryan C.
EcomHub Student

"EcomHub are always looking out for their students. As a seller himself, David shares ways to empower other online sellers and to be successful entrepreneurs."

Kelsey H.
EcomHub Student

"So far the information within the academy is extremely helpful and my mentor is very educated and pleasant to work with. This is definitely not a "get rich quick" kind of thing."

Fabiana X.
EcomHub Student

"I highly recommend EcomHub. They bring enthusiasm, positiveness, and plenty of practical experience, knowledge, and insights - not just the theory."
